

**DROP FILES**  
**anytime**

**NO SIGN UP**  
**required**

Thru Dropbox™ allows individuals who do not have a Thru® account to easily upload large files to Thru account holders from a simple web upload form. Links to Thru Dropbox™ pages can be placed on company websites or within email signatures to give external users an easy and secure way to send large files to your organization.

## Share with Confidence

Enable business users to confidently exchange files with users outside their organization – no matter how confidential the data.

- Ensure secure two-way collaboration with encrypted messaging and full virus scanning
- Protect sent files with password authentication and custom expiration
- Monitor activity with full visibility by tracking records of time, IP address, and audits of all interactions

## Simplify File Sharing

Simplify sharing large files for you and your customers and partners.

- Eliminate time-consuming training sessions with intuitive user interfaces
- Keep file exchange running smoothly with no file size limits
- Place Thru Dropbox™ links in email signatures and anywhere on your company's web site

## Share without Boundaries

Extend file sharing to your customers and partners seamlessly and securely.

- Protect your data with antivirus scanning of all uploads and transfers
- Maximize successful file uploads through checkpoint restart
- Enable multiple upload protocols: Browser, Java, HTML5, and ActiveX

## key BENEFITS

- anywhere
- anytime
- from any device
- from anyone

- Thru users easily receive files of any size from external users
- All transactions are protected with encryption and antivirus scanning
- Give easy access to Thru Dropbox™ by placing links in email signatures and web pages
- Multiple upload options: Java, ActiveX, Browser
- Pause and resume uploads with checkpoint restart
- Modifiable confidentiality statement (optional)
- Brand the web page with own company logo

The screenshot displays the Thru Dropbox web interface. At the top left is the logo 'Thru. Dropbox™' and at the top right is a 'Language:' dropdown menu with a globe icon and a list of languages: English, 繁體中文, 简体中文, Italiano, Deutsch, Dutch (nl), Español, French, Русский, and Português. Below the logo is a form for entering email details. It includes a 'To:' field with the value 'thru.user@yourcompany.com', a 'CC:' field, a 'From:' field with the value 'any.external.user@anycompany.com', and a 'Subject:' field with the value 'Here are the large files you requested'. To the right of the email fields are two tabs: 'Message' and 'Encrypted Message'. The 'Encrypted Message' tab is active, showing a text box with the placeholder text 'I can send a confidential message here!'. Below the email fields is a large rectangular area with the text 'Drop files here' and 'or [Select files](#)'. At the bottom left is a CAPTCHA section titled 'Enter the code from the picture:' with a distorted image of the letters 'DYW3K' and a refresh icon, followed by an input field. At the bottom right is a section titled 'Accept the statement and upload:' containing a scrollable 'Confidentiality Notice' and an 'Electronic Media File Transfer Agreement' section. The agreement text states: 'Use of any electronic file, in whole or in part, constitutes the Recipient's agreement to the following: 1. Due to the potential that the information set forth can be...'. Below this is a checkbox labeled 'I confirm I have read and accept the statement.' At the bottom center is a blue 'UPLOAD' button. At the bottom right are links for 'Support' and 'Powered By Thru'.
